18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply, or when you travel.

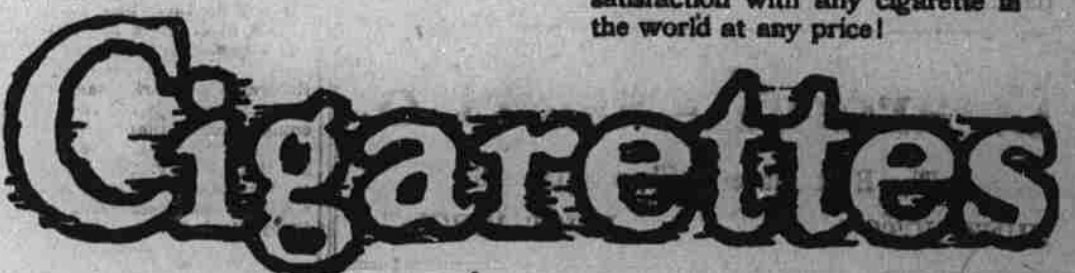

R. J. REYNOLDS TOBACCO COMPANY
Winston-Salem, N. C.

CAMELS' expert blend of choice Turkish and choice Domestic tobaccos answers every cigarette desire you ever had! Camels give such universal delight, such unusual enjoyment and satisfaction you'll call them a cigarette revelation!

If you'd like a cigarette that does not leave any unpleasant cigarette aftertaste or unpleasant cigarette odor, smoke Camels! If you hunger for a rich, mellow-mild cigarette that has all that desirable cigarette "body"—well, you get some Camels as quickly as you can!

Camels' expert blend makes all this delightful quality possible. Your personal test will prove that Camel Cigarettes are the only cigarettes you ever smoked that just seem made to meet your taste! You will prefer them to either kind of tobacco smoked straight!

Compare Camels for quality and satisfaction with any cigarette in the world at any price!

HOME CIRCLE COLUMN

In these days of high prices we should be careful not to live beyond our means. A rainy day may come when we will need a little extra money, and it is a good plan to put aside a few cents or dollars whenever possible. A little "skimping" won't hurt anyone, and it is not at all necessary that we should buy the highest priced goods in the market. A shoe dealer said recently that people refused to buy lower priced shoes. They demand the goods with the highest price tag, and then complain of the high cost of living.

Existence for both men and women is a continuous battle, sometimes staged in an office, sometimes in a factory, sometimes out in the fields or forests, and sometimes in the kitchen. Everywhere it is necessary that we fight against either mental or physical forces. And, because life is long and the battle continuous, it is the persistent person, the one who hammers away continuously, rather than the spasmodically forceful person, who wins out.

Oftentimes we lavish a great deal of sympathy upon a friend or relative who has a brief period of illness, while we are neglectful of even the comfort of a confirmed invalid. Perhaps it is only natural that we should become hardened to seeing the continued suffering of an invalid and yet we should not forget that the one who is ill never can become hardened to the pain he endures. We ought to remember this, and try to be cheerful and patient, bringing as much sunshine as possible into the lives of all sufferers.

It is only by doing things which appear almost impossible, that we are able to test our own powers. We will never grow if we continue to do only those things which are easy for us. There are very few things in this world within reason which everyone of us cannot accomplish if we have the will to do them. I rather imagine that, a few years ago, had some stranger come into our quiet little village and told our boys what it meant to go "over the top" in France, or engage in dangerous air battles, they might have thought it impossible for them to do these things. Yet they have done them and with credit.

There are few of us who are not called upon to do what seems to us the impossible. Afterward we look back and wonder how we had the courage and strength, but it always comes to us and always will, if we but do our best.

It is a fine thing to stand in the midst of busy belts and whirling pulleys, with the knowledge of the governing laws in your brain, and the quick control of them in your right hand; but it is finer and grander to stand where any mother may stand, if she will, among the living spirits which are to dominate the wheels; pondering the laws of human agency, directing the development of human activity, bearing the supreme weight of human responsibility; doing it all in utter unconsciousness of self or of sacrifice, strong in the wondrous love which alone of earthly emotions is all pervasive and all powerful against the grind and wear and worry of the world.

One of the most contemptible tricks in the universe is "listening in" on a telephone wire. To be sure sometimes drastic measures are necessary in order to get the use of the wire, but ordinarily most people listen merely out of curiosity and then instead of treating the conversation they have heard as private, they set about publishing

it in some such way as this: "You know, the other day I didn't know Mrs. Jones was using the wire but just as I took the receiver off the hook, what do you suppose I heard her tell Mrs. Smith," etc., etc.

Now you know, my good woman, you can't take the receiver off the hook more than a dozen times just at the psychological moment to hear that juicy bit of gossip and still make people believe it was an accident. In speaking of you they will soon begin to say, "I'm glad I'm not on Mrs. Brown's wire. All she does is tell me what she hears by accident over the telephone. Well-timed accidents, I would say."

So beware, Mrs. Brown, wherever you are (and there are a lot of you in the world) and don't hear too much over your phone. You know how well you like to have someone "listen in" on you.

Worthwhile charity isn't so much the giving of material substance; it is charitable thinking in regard to our neighbors. Right and good thoughts concerning those about us will help to bring the good and true, into our own lives. On the other hand, if we listen to slanderous gossip and repeat the tales to others we cannot help but sink lower ourselves.

HULETTE

Mrs. R. H. Billups of Big Hurricane is here visiting her son, S. G. Queen.

Several of the boys have just come home from the army.

Mrs. R. H. Billups and Mrs. S. G. Queen left Sunday for Portsmouth, O., where they will spend several days visiting friends and relatives.

Miss Lumnies Frasher contemplates a visit to Zella soon.

Mrs. F. R. Harmon and Mrs. S. G. Queen attended the Sunday school convention at Bear creek last Saturday.

G. H. Frasher of Portsmouth, Va., is expected home soon.

Miss Emma Belle Queen spent Saturday with Miss Mary Harmon.

Misses Frances Frasher and Alvah Harman went chestnut hunting Saturday afternoon and found lots of them.

S. G. Queen left Friday to work on the pipe line. LONELY GIRL.

Ohio's Greatest Land Bargains

Very Best: Lands, Schools, Churches, Markets and Pikes. Titles perfect. My aim is to please. I can fit you out no matter what you want. Try me. Write for free lists. W. A. EICHELBERGER, Land Specialist, 56 First National Bank Bldg., Portsmouth, O. 5-2-19-19.

DANIELS CREEK

Everybody is very busy making molasses in this community.

Miss Edna Dean was the pleasant guest of Miss Lottie Holbrook Sunday.

Miss Mary Adams was the guest of Miss Leona Adams Sunday.

Miss Cora Adams was the pleasant guest of Mrs. Mont Adams.

Gertrude Quisenberry, who has been sick for some time is improving.

Roscoe Sanders has returned home from West Virginia where he has been employed for a while.

Remember the ice cream festival at Daniels creek Saturday night, October 4. Everybody cordially invited. BLUE BELL.

DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.

Taxes Going Up Teachers Underpaid

Under Standing Democratic rule, in the three years 1915-1918, the equivalent value of all property assessed for taxation in Kentucky has increased the enormous sum of \$20,379,000.00. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,794.57.

Stanley O. K's Pay Cut

In 1903 a Democratic legislature passed a law and it was approved by Governor Stanley, March 18, 1913, cutting down the amount of money for school teachers' salaries from 30 cents to 15 cents, and many teachers were forced to quit their jobs altogether or to seek positions in other states.

The School Teachers' Merry-Go-Round

The records show that in 48 counties in Kentucky, the salaries of school teachers were more in 1914 than in 1917, 1918 and 1919. They also show that in 71 counties the salaries were more in 1918 than in 1917 and 1919. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 104 teachers last year only 23 returned this year. In another county only seven out of 48 returned. In another county only 5 out of 95 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay

In the same month that Governor Stanley approved the law cutting down the teachers' salaries, the state owed the teachers for back pay, \$200,000.00. Three months later this amount had jumped to \$1,400,000.00. On June 15, this year, the state still owed the teachers for back pay \$200,000.00. In 1918, the first payment was not made until August, 1919, eight months after the close of the session. Last year a law was passed to remedy this, but at that session no bill was passed to have their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay, the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. This year, the school year ending June 30, 1920, was kept at 6 months instead of being put back to 7 months, thus depriving the children of another month's schooling. Twelve months' schooling in two years in place of 15 months.

Gilbert's "Sore Toe" Book

Kent. Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Wilson (Republican). Among the bills paid for by the taxpayers at a cost of \$15,000, was the famous "Sore Toe" book, compiled by the equally famous Dr. W. L. Kelsor, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Jennie how to wrap up a "puncture" in his foot, warns little Jennie not to eat meat more than once a day, calls on dad to shove off his wife's advice mother to walk on eggshells before hitting it, and demands the killing of all dogs and cats.

Gilbert's Extravagance

The state Dept. Gilbert got into office he began firing up his own pet, at Frankfort, with chiefs and secretaries. The salaries in his department have gone up to three times what they were under Governor Wilson (Republican). The Democratic legislative probe committee of 1918 condemned the Bureau of School Inspection for giving salaries to people who did no work, but there has been practically no change. Tomorrow will change it.

Text Book Commission Farce

The Stanley Text Book Commission changed most of the books in the grades and would have soaked the parents of the children \$250,000 more for their books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so deluged that many schools have been forced to get along with old books, and some of them didn't get the new books at all for proper work this year.
